National Collegiate Alcohol Awareness Week Proclamation

As an Alfred University student, I will:

* Know the Alfred University Alcohol Policy
* Know the Alfred University Medical Amnesty Policy
* Know the signs and symptoms of Alcohol Poisoning
* Call AURS (Alfred University Rescue Squad) at 607-871-2911 if I, one of my friends, or another student is showing signs of Alcohol Poisoning
* Know that drinking alcohol under the age of 21 is unlawful in all 50 states
* Know that while not drinking is best, I will always drink responsibly at parties
* Never drive while under the influence of alcohol
* Understand that most AU students are responsible drinkers or don’t drink at all
* Realize that excessive drinking harms my grades in school, my relationships, and my performance on the playing field

As a student, faculty member, administrator, or staff of Alfred University, I pledge to support environments that do not encourage binge drinking and alcohol abuse, and that we will work together to prevent alcohol-related harm in and around the Alfred University campus and community.
