Counseling and Student Development Center

Health & Wellness Education Graduate Assistant

7.5 hours/week
Reports to the Director of the Counseling & Student Development Center

Mission: Promote and maintain the well-being and personal growth of students through counseling services, consultation, outreach, training, and education for to the campus community.

GA will work closely with the Health and Wellness Educator and CSDC team to support the delivery of the Health and Wellness Education program at AU. Specific tasks include:

- Create and maintain publicity for a wide variety of HWE/CSDC projects
- Assist in coordination of peer educator programs and presentations
- Assist in presentations to campus groups
- Research health education topics and programs
- Update the “Health and Wellness Education” webpage
- Seek grant funding as appropriate to sustain and grow the program

This GA position requires a person with strong written and verbal communication skill, computer and media design skills, interpersonal skills, and ability to self-manage their workload.

Benefits
The CSDC will support attendance at one professional conference per year, accompanying the Health and Wellness Educator (conference to be determined). The GA will be offered participation in Motivational Interviewing and other trainings related to health topics and alcohol and other drug education. The GA has an opportunity to gain experience in developing and coordinating peer education groups and techniques.
