Residency Requirement

Alfred University is a residential university. We believe that residence hall living is a key component of a student-centered educational experience in which academic learning is integrated with student development. Each student is personally accountable for maintaining a safe and secure environment in his or her residence that promotes a healthy standard of community living.

For these reasons, provisions are made to house all students on campus throughout their undergraduate years. Students are required to live on campus for their freshman, sophomore and junior years, unless they apply for and receive a housing release from the Residence Life office. Some students may be eligible or considered for an exemption if they are:

- + Married or a single parent
- + 23 years of age or older
- + Commuting from their permanent home and primary residence of parent or legal guardian within 60 miles of campus
- + Participating in a co-op or study abroad program
- + In need of a medical exemption

If you meet the aforementioned criteria and wish to be considered for an exemption, you must submit a letter to the Office of Residence Life outlining your status and how it meets the listed criteria.

Housing Assignment Process: The Housing/Dining Contract and the Housing/Roommate Preference Survey are available on line starting April 1, 2009. Once you have paid your deposit you will be able to access these forms following these instructions:

- + Log into Alfred's BannerWeb secured site: <http://banweb.alfred.edu>. Click on **Enter Secure Area**. It will ask you for your username which for log-in purposes is your social security number or your Banner Student ID#. It will then ask for your pin number. If you have questions about accessing BannerWeb – call the ITS Helpdesk at 607-871-2222 or email at helpdesk@alfred.edu
