Many diverse courses will be available during Summer Term from each of our five colleges and schools. This is a preliminary list of courses being offered for Summer 2015. Courses will undoubtedly be added or deleted before the Summer Terms begin so you will want to check the listing online for updates. The purpose of this list is just to provide you with some early information so you can begin planning your summer. Please visit BannerWeb to view the complete, most up-to-date course list and to register. Several courses are offered in an online or “online hybrid” format. (Hybrids are online classes with some required on-campus meeting dates.) Courses offered totally online or as hybrids are identified by an asterisk. For other information regarding Summer Term please visit www.alfred.edu/summer/school.
