Special Feature: On-Line and “On-Line Hybrid” Courses!

Hybrid courses are on-line classes with some required on-campus meeting dates.

Class meeting days and times will be included in the course description in this Booklet and will also be indicated in each course syllabus.

Please see page 5 for technical requirements and further information.

For updated information on classes and schedules, please visit BannerWeb at <https://banweb.alfred.edu> and check out the Summer School website at www.alfred.edu/summer.

ALFRED UNIVERSITY SUMMER SESSIONS 2011 • CALENDAR & DEADLINES

Summer Sessions	Session I: May 16-June 24 Session II: June 27-August 5 Short-term courses: Dates vary, please consult course listings
Summer Course Registration begins	March 14
Immunization form due	At time of registration
Tuition remission form due (if applicable)	At least two weeks prior to first class
Housing contract, with payment, due	Four weeks prior to first class
Late registration fee of \$35 assessed after	First day of class
Last day to receive 100% refund of tuition & fees	Drop course on-line before midnight of the first day of class
Last day to receive 50% refund of tuition & fees	Withdraw in person at Student Service Center by the end of the second day of class
Last day to withdraw	The halfway point of the course

Summer Course Registration starts March 14, 2011. Students may register up until the first day of class, but are *strongly encouraged to register as early as possible to reserve a place in the class(es) of their choice.* Courses with less than the required minimum enrollment may be cancelled on the last business day before the course begins. Early registration can help to avoid the unnecessary cancellation of a course. Web registration is available 7 days a week, 8:00 a.m. to midnight. Full payment is due by the first day of class.

The University reserves the right to change any or all of its regulations, requirements, or financial charges, and to cancel or change the course offerings, instructors, or schedules published in this booklet without prior notice.

Alfred University

Summer Sessions

WHY TAKE A SUMMER COURSE

- Take a full semester course in just two, three, four or six weeks
- Make up a course that you failed during the fall or spring
- Focus on one course without the burden of a heavy course load
- Enjoy the scenic beauty of Alfred during the summer season
- Lighten your load in the fall & spring
- Advance your academic standing
- Accelerate your degree
- Take graduate courses, or prepare for graduate study
- Clarify your choice of a major or career

FREQUENTLY ASKED QUESTIONS

What do Summer Sessions at Alfred University offer?

We offer a variety of graduate and undergraduate courses. Two six-week sessions, special short-term courses of one, two, three or four weeks in length, internships and independent studies allow you to easily plan a schedule that fits your needs and interests. (We also offer several on-line and “on-line hybrid” courses. See page 5 for details.)

What are short-term courses?

Short-term courses are offered in one, two, three or four-week intensive formats. Classes meet for several hours each day, Monday through Friday. Some of these courses require students to do some reading, or complete some assignments ahead of time, or after the course ends. It's a great way to get a course out of the way in a brief period of time and have the rest of the summer free.

What about course cancellations?

At least two students must be enrolled in most summer courses in order for classes to be held (not counting tuition remission students). In the event we have no choice but to cancel a course, students will be notified via their official AU email accounts as soon as possible and given the opportunity to enroll in a different course or receive a refund. (Note: The decision to cancel might not be made until the first class meeting.)

What does it cost?

For part-time summer students (taking 11 credit hours or less) tuition for non-art undergraduate courses is \$814/credit hour. The tuition for non-art graduate courses is \$730/credit hour. Tuition for summer art courses (both undergraduate and graduate) is \$462/credit hour (plus applicable studio fees). In addition to the tuition cost, all part-time students must pay a \$72 student service fee. Some classes also require lab or materials fees. Tuition and fees for full-time summer students (taking more than 11 credit hours over the course of the summer) are listed on page 3.

Where would I live and get meals?

Housing is available on campus from May 15-August 6 for students aged 18 or older. Students requiring housing must submit the Summer Housing Contract at least four weeks prior to their first class (see page 17). While no meal plan is available during Summer Session I, the dining hall *will* be open during most of Session II and a limited meal plan may be available. Interested students should contact the Residence Life Office (607-871-2186) for further details. Students will be housed in suites or apartments with kitchen facilities so those who do not have a meal plan can prepare their own food. Meals may also be obtained at restaurants in the Village of Alfred. A list of local restaurants can be found at www.alfred.edu/community/dining.html.

Can I get a summer job on campus?

Some summer jobs may be available. The Human Resources Office staff can assist you in making contact with offices on campus that have positions available. (*The Office of Summer Programs hires several students to work as camp counselors each summer. Interviews take place in March and hiring decisions are made by early April. Contact us at 607-871-2612 or summerpro@alfred.edu for further information.*)

What's Alfred's summer weather like?

It is warm and sunny most of the time. Typical daytime highs are in the high 70s and low 80s. During the months of May and June the evenings can be cool, but it usually warms up during the day. Students should be sure to bring umbrellas, though, to be prepared for occasional summer thunderstorms.

Is there anything else happening on campus?

Many students like to spend their spare time hiking, swimming or biking on campus and in the local area. Other summer activities include carillon concerts, various conferences, residential institutes for high school students, sports camps, non-credit workshops and other programs.

SUMMER SESSIONS ADMISSION

Classes are open to current AU students, incoming freshmen, transfer students and undergraduate and graduate students from other colleges. (Courses at the 100 and 200 levels are also open to local high school students. Please see details on next page.) No examinations are required for admission to Summer Sessions. Students may enroll in courses for which their experience or previous preparation fits them. Certain advanced courses may not be taken unless prerequisites have been fulfilled. Regular class attendance is expected. (International students, please see additional requirements on page 5.)

Eligibility of High School Students to take Summer Classes

Local high school juniors and seniors, *commuting from home*, can take summer school courses at the 100 and 200 levels. High school students must use the special registration form on page 23. The approval of the student's school counselor or principal is required each year. Special arrangements made for high school students to attend AU classes during the fall and spring do not apply during the summer. If a high school student wishes to take a course during the summer, he/she must register, pay in full for the class and provide proof of immunization (see below). (If the student is eligible for tuition remission, forms must be submitted at least two weeks before the class begins.) Registration for any course depends on available openings. High school students enrolled in summer courses are not guaranteed acceptance into any AU degree program at a later date. *Campus housing is not available for high school students attending summer courses.*

Transfer of Credits

It is a good idea for students regularly enrolled at other colleges and universities, who intend to transfer credits from Alfred University to their home institutions, to secure advance approval of their course selections from their home institutions. Even though courses at AU are fully accredited and are generally accepted for transfer credit, decisions on transferability rest with the receiving college/university.

Advising

Current students should consult their faculty advisors if they have questions about the courses they wish to take. Prospective students with questions are invited to call the Office of Summer Programs at 607-871-2612 for referral to the appropriate academic department for advice and information.

Immunization Requirements for Admission

All Summer Sessions students must provide the AU Health Service with appropriate proof of immunity by submitting an immunization form. The form must be submitted directly to the AU Health Service at time of registration (please see check-list and immunization form, pages 19 & 21, for further information). Students who do not comply are not allowed to complete registration for courses. If registration is already accomplished, students not in compliance with the immunization law will be removed from courses. (Current AU students who already have this information on file at the AU Health Service are not required to provide this proof again.) Direct questions about immunization requirements to the AU Health Service at 607-871-2400, or via email to richardsonr@alfred.edu.

CLASS SCHEDULE

Summer Course List

A quick-reference list of courses being offered this summer is included on pages 6. Detailed course information, including descriptions, can be found on pages 8 through 13. ***Please note: The information in this booklet is subject to change. For the most up-to-date information, please check the Summer Sessions course list in Banner at <https://banweb.alfred.edu>.***

Summer Course Schedule Changes

Summer Sessions faculty members are prepared to teach all of the courses listed in this booklet. Although great care has been taken to finalize the schedule at the time this booklet is printed it must be recognized that unusual changes can take place before Summer Sessions actually begin. The administration reserves the right to cancel any courses that do not meet their minimum paid required enrollment. (For most non-art courses, the minimum is 2. The minimum required for art courses is higher and varies from course to course.) We will attempt to notify students enrolled in cancelled courses prior to the first class meeting via messages to their official AU e-mail accounts. **It is the students' responsibility to check their AU e-mail regularly for course additions, changes and cancellations. Students traveling a distance to campus for summer courses should check course status *before* setting out on their trip to avoid the expense and inconvenience of a wasted trip in the event their course has been cancelled.** The Summer Sessions website will also be kept up-to-date: www.alfred.edu/summer/school/. **It must be understood, however, that due to circumstances beyond our control the decision to cancel a course may not be made until the first class meeting.**

REGISTRATION

Registration Dates

All students must register for courses. Summer course registration begins Monday, March 14. Students may register up until the first day of class, but are *strongly encouraged to register as early as possible to reserve a place in the class(es) of their choice.* Courses with less than the required minimum enrollment may be cancelled a few days before the course begins. Early registration can help to avoid the unnecessary cancellation of a course.

Registration Procedure

Currently enrolled full-time and part-time students must register for courses on-line using BannerWeb (<https://banweb.alfred.edu>). Contact the Student Service Center for help if you have questions about web registration by calling 607-871-2123 or by e-mail to registrar@alfred.edu. **Web registration is available 7 days a week from 8:00 a.m. to midnight.**

Others wishing to take summer courses must complete the attached registration form (p. 15, or p. 23 for high school students) and return it to the Student Service Center. (Registrations should be mailed to the address listed on the form or faxed to 607-871-2347.) Registration may also be done in person at the Student Service Center in Seidlin Hall.

All Summer Sessions students are required to submit immunization forms when they register for courses, if they haven't already done so. Please see "Immunization Requirements" (left).

Tuition and fees must be paid in full **prior to the first day of class.** (*Registration will be denied to applicants with past due balances from previous semesters and students who have not received financial clearance for the current semester.*) Students who have registered, submitted immunization forms, and paid their bills should go directly to their classes at the start of the session.

HOUSING AND MEALS

Opening and Closing Dates

Campus residences will be open from noon Sunday, May 15 to noon Saturday, June 25, 2011 for Session I and from noon Sunday, June 26 to noon Saturday, August 6, 2011 for Session II. All summer housing ends on Saturday, August 6 and students must check-out by noon.

Meals

No meal plan is available during Session I, but the CyberFresh Cafe in Powell Campus Center is open for lunch on weekdays and most summer students are housed in suites or apartments with kitchen facilities so they can prepare their own food. Meals may also be obtained at restaurants in the Village of Alfred. There *may* be a limited meal plan available for Session II students residing on campus. Contact Residence Life (607-871-2186) for details.

Housing Reservations

Students must request summer housing at least 4 weeks prior to the start of classes using the Summer Housing Contract on page 17. Units are rented for either summer session and are available on a first-come, first-served basis. Campus housing facilities are clean and adequate, but spartan. There are no linens, phones or TVs, no maid service, fans or air conditioning. (Bed linens may be rented through an outside contracted linen service for \$10 per week. Students must contract for this when making arrangements for on-campus housing, if desired.) Additional information concerning where to go upon arriving on campus, how to obtain room keys, etc., will be provided to students with their housing confirmation. Questions should be directed to the Office of Residence Life at 607-871-2186. **All housing locations are smoke-free. No pets are allowed** (unless assisting the visually impaired).

Living Accommodations on Campus

Summer students are housed in shared apartments or suites based on availability. Accommodations are furnished with twin beds (36"x80"), dressers, desks and chairs. Apartments and suites have either 2 or 3 bedrooms, shared bathrooms, furnished living rooms and kitchenettes. Apartments come equipped with stoves; suites have microwave ovens. Laundry facilities are available. Residents are expected to furnish their own bed linens, towels, soap, blankets, pillows, cleaning supplies, dishes, cooking utensils, pots and pans, lamps, fans, wastebaskets, hangers, phones, TVs, etc.

Campus Housing Rates

Summer Session I or II (6 weeks): \$840

Monthly (4 weeks) rate: \$560

Weekly rate: \$175

Linen Service (if requested): \$10/week (includes one pillow, one pillowcase, one top sheet, one bottom sheet and one blanket.)

FINANCIAL RESPONSIBILITY

By registering for classes, a student assumes a legal obligation to pay tuition, fees and room and board charges (if applicable). If a balance is not paid by the due date, a hold will be placed on the account, which will prevent further registration, or release of transcripts. If the account is submitted to a collection agency, the student will be responsible for all collection costs and legal fees.

TUITION AND FEES

(Credit hour total is based on the sum of Summer Sessions I and II.)

PART-TIME TUITION (for students taking 11 credits or less*):

Undergraduate Courses (non-art) - \$814 per credit hour

Graduate Courses (non-art) - \$730 per credit hour

Art Courses (undergrad and grad) - \$462 per credit hour plus applicable studio fees

(*These rates do not apply to short courses offered by the New York State College of Ceramics. See page 9 for CEMS short courses and fees.)

FULL-TIME TUITION (for students taking more than 11 credits):

Non-Statutory

Undergraduate:

Liberal Arts & Sciences or College of Business: \$12,548

School of Engineering: \$10,157

Graduate:

Liberal Arts & Sciences or College of Business: \$17,147

School of Engineering: \$10,155

Statutory

Undergraduate (in-state): \$7,381

Undergraduate (out-of-state): \$10,157

Graduate (in or out-of-state): \$10,155

If you are unsure of your full-time tuition rate, please contact the Student Accounts Office in the Student Service Center, Seidlin Hall, at 607-871-2123 for clarification.

OTHER FEES

Student Service Fees:

Students taking 11 credit hours or less - \$72

Students taking more than 11 credit hours - \$440

Late Registration Fee - \$35

Please note that **studio materials fees** and other course fees (e.g. lab fees) are charged to specific courses. For individual course fees, please see the course information on pages 8-13 and detailed class information in the Banner Web Schedule of Classes.

STUDENT BILLS AND PAYMENT

Tuition and fees must be paid in full **prior to the first day of class**. Alfred University has a paperless electronic billing and payment site, hosted by "CASHNet." Students can log into BannerWeb to access the billing and payment site. (New students need to activate their AU email account in order to receive billing notification.) The link to CASHNet is on the Student Services webpage: <http://my.alfred.edu/index.cfm/fuseaction/services.studentaccount.cfm> If you are not the primary payer of your student bill, please log in to give access to the person that needs to see and pay your bill.

For Parents and Authorized Users - Once you are listed as an Authorized User you will receive the user name and password needed to access the CASHNet System by email to the email address designated by your student. Once you have a user ID and password, log on to <https://commerce.cashnet.com/alfredpay> to see the new bill. If you already have access, but have forgotten your password, you can reset it yourself by clicking the link on the homepage, or by contacting your student to reset the password.

Payment Options

Mail check, made payable to Alfred University. To ensure payment is posted to the correct account, write the student ID number on your check (e.g. A00012345). Allow 3 to 5 days for mail time.

In Person, pay by cash/check/money order in the Student Service Center, Seidlin Hall. Normal business hours are 8:30 am to 4:30 pm, Monday through Friday. Summer hours, effective May 16, are 8:00 am to 3:30 pm, Monday-Friday.

On-Line, students can log onto BannerWeb/Student Services/CASHNet to make on-line payments. The CASHNet website has payment links for a secure and convenient way to pay account balances for no additional cost if paying directly from your checking or savings account (this process is called ACH). Authorized users should log onto <https://commerce.cashnet.com/alfredpay>.

A \$25 returned payment charge will be assessed for each occurrence of a returned payment.

Arrangements in lieu of full payment including tuition remission, employer reimbursement or financial aid must be complete prior to the first day of class. (Tuition remission forms must be submitted at least two weeks before the class starts.)

Payment & Refund Deadlines

Tuition and Fees Due: prior to the first class

Housing contract, with payment, due: 4 weeks prior to first class

Late registration fee (\$35) assessed after: 1st day of class

Last day to receive 100% refund of tuition & fees: 1st day of class. (Course must be dropped *on-line* before midnight on the first day of class.)

Last day to receive 50% refund of tuition & fees: 2nd day of class. Student must withdraw *in person* at the Student Service Center before the office closes on the 2nd day of class (3:30 p.m.).

Last day to withdraw: The halfway point of the course.

Important: Students who qualify for tuition remission must submit their tuition remission request forms at least 2 weeks prior to the start of the class(es) for which they are registering.

Students with Past Due Balances

Registration will be denied to applicants with past due balances from previous semesters and/or for those students who have not received financial clearance for the current semester. A hold will be placed on the student account, which will prevent registration changes and the release of transcripts, and an additional 18% per annum rate of interest will be charged on all past due balances.

Financial Aid

During the summer most types of financial aid are limited. The availability of financial aid will vary from student to student. Please check with the Financial Aid Office at 607-871-2159.

Three-month Payment Plan

A three-month interest-free payment plan is available for summer school tuition accounts. The payment plan, offered through AU,

runs April-June for first session courses, and May-July for second session courses. The payment plan will be available in April 2011 through the CASHNet eCommerce System. Sign up for the summer payment plan by contacting the Student Accounts Office at 607-871-2123. The enrollment fee is \$30. Please direct all questions regarding the payment plan to Student Accounts by calling the number listed above or by visiting the Student Accounts Office in Seidlin Hall.

Employer Reimbursement

If you are entitled to this educational benefit through your employer, you are required to provide the AU Student Service Center with written verification of the terms of your entitlements. Students should be prepared to sign a promissory note to cover their balance and are responsible for employer billing.

Tuition Remission - AU Employee Benefit

Tuition remission benefits must be applied for through the AU Human Resources Office at least 2 weeks prior to the start of classes. Approved applications are processed as financial aid. Late applications and processing may require a signed promissory note at the Student Service Center. **Note: tuition remission is *not* available for independent studies or other courses taught by a faculty member to only one student.**

Refunds

Students who drop a course *on-line* by midnight on the first day of class are eligible for a 100% refund. Students who drop a course on the second day of class in person at the Student Service Center in Seidlin are eligible for a 50% refund. After the second day of class no refunds will be issued to students who withdraw.

OFFICIAL COMMUNICATION WITH STUDENTS

The email system available through the my.alfred.edu website is AU's official form of communication with all students. Visit <http://www.alfred.edu/its/> to activate your network account. You may contact Student Accounts via email at stuacct@alfred.edu, or the Registrar's Office at registrar@alfred.edu.

GRADES

As final grades are recorded they become viewable/printable by students on BannerWeb (<https://banweb.alfred.edu>). Requests for copies of official transcripts should be made to the Student Service Center at 607-871-2123 or registrar@alfred.edu.

AUDITING

Some summer courses may be available for auditing *on a very limited basis*. Individuals wishing to audit summer courses must first find out if the course they wish to take is open to auditors and then get the approval of the instructor. The instructor must sign the audit form. (In the case of art courses, the Dean of the School of Art and Design must also approve and sign the form.) If the student has an advisor, the advisor must sign also. Registering to audit a course cannot be done on-line. A paper audit form must be completed, approved as indicated above, and submitted to the Student Service Center. Auditors will be charged 50% of the regular course tuition. For further information about auditing a summer course, please contact the Student Service Center at 607-871-2123 or registrar@alfred.edu.

LIBRARIES

Scholes Library of Ceramics and Herrick Memorial Library will be open during Summer Session I and II. For days and hours of operation and other information please consult the library web pages: www.scholes.alfred.edu and www.herrick.alfred.edu.

HEALTH CARE SERVICES

The AU Health Service is closed, except for administrative functions, during the summer. There are, however, a variety of options for health care. Students who have a health care provider/family doctor in the area should consider calling their office first. Other options are listed below. (Please direct questions about student immunization requirements to the AU Health Service. See details on page 2.)

Emergency Care (24 hours a day, 7 days a week):

St. James Mercy Hospital, 411 Canisteo St., Hornell, NY 14843, 607-324-8000, www.stjamesmercy.org.

Jones Memorial Hospital, 191 North Main, Wellsville, NY 14895, 585-593-1100, www.jmhny.org.

Urgent Care:

Hornell Surgical Group Same Day Clinic – 32 Genesee St, Hornell, NY. Open Mon-Fri. Call for appointment: 607-324-1000

ACADEMIC ASSISTANCE

Tutoring services are not offered during the summer. However, accommodations of extended test time and/or separate testing location are available. Please contact Special Academic Services at 607-871-2153 *at least 1 week in advance* to make arrangements.

ON-LINE HYBRID COURSES

Several summer courses are offered completely on-line, or as “on-line hybrids” with some required on-campus meeting dates. Classes offered in either of these formats are clearly marked in this booklet.

Student technology requirements for on-line hybrid courses are:

- You *must* have regular access to a high-speed connection (DSL or better). A dial-up internet connection is *not* acceptable.
- You *must* have one of the following operating systems: Windows XP, VISTA, Windows 7, or Mac OS 10.4 or greater.
- You *must* have one of the following internet browsers: Internet Explorer 7 or 8, Firefox 3, or Safari 3 or 4.

Students with questions about these technology requirements should contact the AU ITS Helpdesk at 607-871-2222 or via email to helpdesk@alfred.edu.

INFORMATION TECHNOLOGY SERVICES

To find out about AU's Information Technology Services, summer students should visit the ITS website at www.alfred.edu/its/ prior to arriving on campus or call the ITS help desk at 607-871-2222.

MAIL

Residential students should visit the mail room in the Campus Center (lower level) to be assigned a mailbox number. For further information, call 607-871-2666.

PARKING

Students who wish to park their cars on campus should visit the Campus Security Office in the Physical Plant building to obtain a parking permit. For further information, call 607-871-2108.

INTERNATIONAL STUDENTS

To comply with the United States government's financial regulations for F-1 visa students, Alfred University requires proof of full financial support. International students must submit the following documents to the Office of International Programs *at least 6 weeks prior* to the start of classes in order to receive the Form I-20 from Alfred University:

- A legible copy of the student's passport
- Alfred University Financial Statement with an official stamp from a notary or bank. The student's sponsor must complete this form. (The Financial Statement for summer international students can be found at www.alfred.edu/summer/school/admissions.cfm) **AND**
- An official letter from the sponsor's bank indicating sufficient funds (officially translated into English) OR
- An official letter from the student's government or sponsoring organization indicating the terms and amount of financial support

As soon as this information is received by the Office of International Programs they will start the process for the I-20 and send it to the student's home address. The student must then make an appointment with the U.S. Consulate to obtain a visa. Please visit www.USCIS.gov for instructions on how to apply for an F-1 Visa. **All students must also show proof of health insurance.** International students with questions may contact the Office of International Programs at 607-871-2269.

SUMMER STUDENT FAQs

Please visit www.alfred.edu/summer/school/ for additional information and assistance, including a list of frequently asked questions and answers for summer students.

STUDENTS ARE ENCOURAGED TO VISIT MY.ALFRED.EDU AND WWW.ALFRED.EDU FOR ADDITIONAL INFORMATION ABOUT THE CAMPUS.

■ ART & DESIGN

NYS COLLEGE OF CERAMICS

SCHOOL OF ART & DESIGN SUMMER COURSES

For further information regarding summer *art* courses contact Cathy Johnson at 607-871-2412. Email: johnsonc@alfred.edu.

SUMMER GLASS I *Short-term Course: May 16-June 3*

ART 265 01 4 cr hrs (elective or add'l studio, only) CRN: 30261

M-F 8:00 a.m.-4:00 p.m. BMH Powers

\$1,848 + \$600 materials fee + \$72 student fee Limit: 16

This is an intensive 3-week course in glassblowing. Emphasis will be on personal expression and skill development. Demonstrations, slides and lectures will center on traditional and non-traditional glass working techniques for the artist. Open to all levels.

SUMMER GLASS II *Short-term Course: May 16-June 3*

ART 266 01 4 cr hrs (elective or add'l studio, only) CRN: 30262

M-F 8:00 a.m.-4:00 p.m. BMH Manousis

\$1,848 + \$600 materials fee + \$72 student fee Limit: 16

This class will incorporate various ways to cast glass using methodologies tailored to both the beginning and intermediate student. Using hot casting, kiln forming, ZirCar ceramic shell and pate de verre, the student will be exposed to a varied breadth of techniques within this three-week intensive course.

DRAWING - ANALYZING NATURE

Short-term Course: May 16-June 3

ART 284 01 4 cr hrs CRN: 30129

M-F 9:00 a.m.-5:00 p.m. BMH 134 Vajda

\$1,848 + \$75 materials fee + \$72 student fee Limit: 15

This course covers both technical and conceptual aspects of drawing through the investigation and analysis of natural forms. Subjects range from found objects in nature to microscopic materials, the landscape, and the human body. Emphasis is placed on integrating technical mastery of the visual elements of drawing with expressive content, while working with a wide variety of materials. Fundamental drawing and visual language skills are stressed. This course fulfills the drawing requirement. Using the amazing locations surrounding Alfred, the class will travel to a variety of locations such as Palmer's Pond, Moss lake, Stony Brook and Letchworth State Park. **Prerequisite:** Completion of an Art Foundation Program or permission of instructor.

DRAWING AND PAINTING IN FLORENCE

Short-term Course: June 1-July 1

ART 300 01 4 cr hrs (elective or add'l studio, only) CRN: 30263

MTWR 9 a.m.-2 p.m. plus weekend field trips

\$5,860 + \$72 student fee covers tuition, airfare, studio fees, housing, and field trips to Siena and Venice. Meals, materials and personal expenses are not included in this cost; plan on approximately \$150 for materials, \$900 for meals, and \$400 for personal expenses. An additional \$250 refundable housing security deposit is required by Santa Reparata. **Wixted** Limit: 12 Santa Reparata International School of Art, Florence, Italy

Alfred University, in affiliation with Santa Reparata International School of Art, is offering this four-week studio course in the heart of Florence, Italy. Kevin Wixted, Professor of Painting & Drawing in the AU School of Art & Design, will lead the group and teach an Intermediate/Advanced Drawing and Painting course. Students will discover the city of Florence through field trips and assignments that explore the artwork, architecture,

landscape and culture of Florence and the surrounding areas. Painting and drawing on location and in the studio, students will create work based on their travels, observations and experiences. A range of techniques and conceptual approaches will be addressed as students explore and interpret the rich cultural environment of Tuscany. This 4-credit course may be used for elective or additional studio credit, and satisfies the drawing requirement for the School of Art and Design. **Prerequisite:** Permission of instructor.

TOPICS: FUNDAMENTALS OF COMPUTER PROGRAMMING FOR ARTISTS AND DESIGNERS *Short-term Course: May 16-June 3*

ART 300 02 2 cr hrs (additional or elective, only) CRN: 30264

M-F 9:00 a.m.-12:30 p.m. HH 5th flr computer lab Lattanzi

\$924 + \$40 materials fee + \$72 student fee Limit: 12

This course offers access to creative potentials of computer programming. Students will gain firm foundation for coding websites, data-driven visualizations, vector animations, and interactivity applicable to installations and environments. Course material includes free, open-source Processing Language & XML.

TOPICS: METAL CASTING DEMYSTIFIED

Short-term Course: May 16-June 3

ART 300 03 4 cr hrs (additional or elective, only) CRN: 30265

M-F 9:00 a.m.-5:00 p.m. C. Lambert

\$1,848 + \$350 materials fee + \$72 student fee Limit: 20

Location: National Casting Centre, Foundry

This three-week course provides a unique opportunity to explore an expanding contemporary art form within a rich tradition. Students will experience the art and act of metal casting from the ground up by learning how to build and operate a furnace, make molds, run a pour, cast and finish sculpture. Skills taught include general foundry practice such as furnace building, welding steel, wax working, ceramic shell, sand molding, pour preparation, casting, metal finishing, chasing and patination.

ALFRED SUMMER CERAMICS

Short-term Course: June 27-July 22

ART 310 01 4 cr hrs CRN: 30135 (add'l or elective credit only)

ART 510 01 4 cr hrs CRN: 30136 (add'l or elective credit only)

M-F 9 a.m.-5 p.m. with studio access from 7 a.m.-midnight

\$1,848 + \$150 materials fee + \$72 student fee Class Limit: 40

HH 1st flr ceramics area Walter McConnell with guest artists

An open invitation to all skill levels, this comprehensive ceramics program allows students to practice independently, guided by demonstrations, lectures, discussions and critiques from Alfred faculty, graduate students and visiting artists. Alfred's expansive facilities—including oxidation, wood and atmospheric kilns, plaster studio, glaze lab, the Scholes Library of Ceramics, the Schein-Joseph International Museum of Ceramic Art, and our new digital fabrication lab—are an ideal catalyst for innovation and research. Participants are provided with ample studio space and unfettered access over an extended period of time. Whether your interests lie in developing functional pottery, ceramic sculpture or mixed-media installation; whether your aim is post-baccalaureate study to strengthen your portfolio or simply discovering a new technique or approach, this session is an opportunity to develop your work comprehensively, in a lively and supportive studio environment.

Summer Ceramics Faculty: Walter McConnell, sculptor and Professor of Ceramic Art at AU, is known for his installations of moist clay and towering assemblages of porcelain figurines. Del Harrow is a sculptor utilizing digital technologies in his work

exploring the intersection of nature and artifice. Del is Assistant Professor of Art at Colorado State University, Fort Collins. *Sanam Emami* is a functional potter interested in the intricacies of form, function and surface, inspired by patterns in Iranian and Islamic art and architecture. Sanam is Assistant Professor of Ceramic Art at Colorado State University, Fort Collins.

IN, OF, AND AROUND CRAFT

Short-term Course: June 6-24

ARTH 351 01 4 cr hrs CRN: 30266

ARTH 551 01 4 cr hrs CRN: 30267

MTWR 9 a.m.-12:30 p.m. *plus all-day field trip on Sat., June 11*
\$1,848 + \$72 student fee Limit: 12 Scholes 221 *McInnes*

This course will investigate the nature and place of craft in modern and contemporary culture. We will traverse a century of craft-based practices in the West—from the artisan guilds of the Arts and Crafts Movement to the virtual guilds of today—focusing on recent strategies and practices. We will venture into post-war African, Asian and American Indian productions. In addition to lectures and discussions, students will also go on an all-day field trip to the Corning Museum of Glass and regional artist studios.

PROJECTS IN CONTEMPORARY ART

Short-term Course: May 16-June 3

ARTH 352 01 CRN: 30139 ARTH 552 01 CRN: 30140

4 cr hrs MTWR 1:00-5:10 p.m. HH 220 *Edizel*

\$1,848 + \$100 materials fee + \$72 student fee Class Limit: 12

This interactive course will focus on and study the projects of selected contemporary artists. These projects will serve as platforms for investigating issues and problems related to various contemporary art forms and movements including the embodiment of the viewer, play and reality, new technologies and consciousness, ironic modernism, and the critique of the post-medium condition. This course can be substituted for ARTH 211 in the BFA curriculum. Depending on enrollment, a field trip to major contemporary art centers will be built into the course curriculum.

ART AS INDUSTRY

On-line Hybrid Course: June 27-July 22

(includes 5 day-long field trips to local manufacturers during week 1 & on-line conversations weeks 2-4)

ARTH 353 DL CRN: 30268 ARTH 553 DL CRN: 30269

M-F 9-5 pm, week 1; TR 4-6 pm (on-line conversations) July 1-22
4 cr hrs SCHL 221 *Shales*

\$1,848 + \$132 materials fee + \$72 student fee Class Limit: 12

Examining local industries over five days of intensive field trips, students will go on to conduct independent research on the social conditions and aesthetics of production. Ceramic, glass, and metal technologies will be explored. We will ponder some big questions: What is at issue in reclassifying “industry” as “art”? Where does craftsmanship end and ordinary manufacture begin? What is at stake in calling art “work”?

■ CERAMIC ENGINEERING & MATERIALS SCIENCE - SHORT COURSES* (NON-CREDIT BEARING)

FRACTURE ANALYSIS AND FAILURE PREVENTION OF GLASSES AND CERAMICS *June 21-24 \$1,395 Varner and Quinn*

This non-credit short course is for engineers, scientists and technicians interested in strength and fracture-mechanics testing, fracture issues related to process development or control, failure analysis (during production, testing, or service) and prevention.

TAPE CASTING FOR RESEARCH AND MANUFACTURING INNOVATION *July 11-15 \$1,695 Carty, Dychala and Olenick*

This non-credit short course is for engineers, researchers and industrial scientists interested in understanding, and applying ceramic tape casting formulae and techniques. Course includes new techniques for the deterministic compounding of aqueous and solvent-based slurries, effectively broadening the range and domain of ceramic compositions that can be tape cast using laboratory and/or high-volume production scale equipment.

To register or for more details visit the website:

www.engineering.alfred.edu/shortcourses/

or contact Marlene Wightman at 607-871-2425,

wightman@alfred.edu.

■ BIOLOGY

FIELD BOTANY

Summer Session II: June 27-August 5

BIOL 106 01 4 cr hrs CRN: 30270 \$3,256 + \$72 student fee

W 9 a.m.-5 p.m. + add'l 1½ hrs/week TBA SC 303 *Emmons*

Introduction to the taxonomy and adaptations of native and introduced plants in western New York ecosystems. Students learn identification of species through laboratory and field studies.

Biodiversity of natural ecosystems will be investigated and compared.

This course will meet one day per week with the morning session introducing an ecosystem and an afternoon field trip to the ecosystem. An additional 1½ hours per week will be devoted to an outside-of-class time project or field trip. Evaluation is based on weekly field reports and a final exam. Biology majors may receive Biology elective credit by fulfilling additional requirements.

■ BUSINESS

UNDERGRADUATE LEVEL

MANAGERIAL FINANCE

On-line Course: May 16-June 10

FIN 348 DL 3 cr hrs CRN: 30277 \$2,442 + \$72 student fee

HTBA *Al-Sharkas*

An introductory course explaining the tools and the new responsibilities modern financial managers deal with in a rapidly changing world environment characterized by uncertainty. The course identifies and examines the financing needs of the firm, its cost of capital, and assets and liabilities management using modern decision support systems for the application of new financial innovations, such as contingent claims and securitization of assets. Prerequisites: ACCT 211/212, ECON 201/202.

OPERATIONS MANAGEMENT

On-line Course: *June 27-August 5*

MGMT 484 DL 3 cr hrs CRN: 30289 \$2,442 + \$72 student fee
HTBA *Huang*

Introduces students to functions, problems, and techniques associated with management of production operations in manufacturing firms and service organizations. The problem oriented approach focuses on analytical techniques so students learn to recognize problems arising in operations management areas and to apply analytic techniques meaningfully. Topics include plant location, plant layout and design, inventory control, quality control, production planning and control (including PERT), production scheduling, queuing, mathematical programming, simulation, and forecasting.

Prerequisites: BUSI 113, BUSI 261, ACCT 212, MGMT 328

MARKETING PRINCIPLES AND MANAGEMENT

Short-term Course: *May 16-27*

MKTG 221 01 3 cr hrs CRN: 30290 \$2,442 + \$72 student fee
MTWRF 9:00 a.m.-1:00 p.m. OLIN 310 *Rummel*

A survey of marketing concepts, principles, techniques and theories. Emphasizes the development and implementation of an effective marketing strategy, and control of the marketing function within the firm. The role of marketing in society and the efficient distribution of goods and services are addressed. Prerequisite: sophomore standing.

■ BUSINESS

GRADUATE LEVEL

ADV. TOPICS IN FINANCE - E-FINANCE AND ON-LINE INVESTING

On-line Course: *May 16-June 10*

MBA 600 DL 3 cr hrs CRN: 30281 \$2,190 + \$72 student fee
HTBA *Al-Sharkas*

The purpose of this *on-line* course is to expose students to a wide range of finance-related topics, including issues affecting the current financial environment of business firms. Integrates material from previous courses taken in the finance concentration and introduces the topics of capital budgeting and the process of obtaining long-term funds, managing risk in banks, corporate control and governance in banking, efficiency of the banking system, and mergers. Course exposes the advanced student to direct reading of journal articles and book chapters in classic works as well as more recent developments in corporate financial theory.

■ CHEMISTRY

GENERAL CHEMISTRY I

Short-term Course: *May 16-June 3*

CHEM 105 01 4 cr hrs CRN: 30271 \$3,256 + \$72 student fee
CHEM 105L CRN: 30272

M-F 8:30 a.m.-12:00 p.m. + 12:20-2:10 p.m. MH 228/MH 216
McGowan

Systematic study of the fundamental principles, theories and calculations involved in chemistry. Basic concepts of bonding, chemistry of selected elements and their compounds, states of matter, stoichiometry, solution reactions, equilibrium, kinetics, electrochemistry, thermodynamics, nuclear chemistry, and an introduction to organic chemistry. Laboratory work includes experiments in stoichiometry, qualitative and quantitative analysis.

BASIC ORGANIC CHEMISTRY

On-line Course: *May 16-June 24*

CHEM 310 DL 3 cr hrs CRN: 30146 \$2,442 + \$72 student fee
HTBA *D'Angelo*

A descriptive study of the structure and reactions of common aliphatic and aromatic compounds of carbon. For students interested in ceramics, materials science, environmental science, or ecology, but not suitable for chemistry majors or those interested in biochemistry, molecular biology, or the health professions. Prerequisite: CHEM 106 or CHEM 116 or permission of instructor.

■ COMMUNICATIONS

MASS MEDIA AND AMERICAN LIFE

Short-term Course: *May 16-27*

COMM 110 01 4 cr hrs CRN: 30147 \$3,256 + \$72 student fee
M-F 9:00 a.m.-2:00 p.m. SDLN 229 *Harriss*

An examination of the evolution of American mass media and their cultural, economic, and social implications. Students analyze varied media vehicles (including newspapers, books, magazines, sound recordings, films, and television programs) with regard to content, form, and demographic impact.

■ DANCE

FUNDAMENTALS OF DANCE

Short-Term Course: *May 16-27*

DANC 120 01 2 cr hrs CRN: 30297 \$1,628 + \$72 student fee
M-F 10:00 a.m.-12:30 p.m. MPAC 300 *Angier*

This course introduces new and continuing dance students to the art of dance with an emphasis on alignment, strength and flexibility of the whole body. Dancers are challenged to develop their physical intelligence and artistic expression in center and across the floor combinations using a wide range of dynamics and rhythms. *Note: This is a prerequisite for all dance courses unless waived by the instructor.* (PE Requirement)

■ EDUCATION

UNDERGRADUATE LEVEL

PSYCHOLOGICAL FOUNDATIONS OF EDUCATION

On-line Hybrid Course: *May 16-June 24*

EDUC 230 DL 3 cr hrs CRN: 30152 \$2,442 + \$72 student fee
Required on-campus class meetings: Tuesdays, 9 a.m.-2:30 p.m.
MH 340 *Terry*

Course focuses on mental, social and emotional development with primary reference to human theories and principles of learning. Special emphasis given to exceptional students. Includes drug abuse education. School observation and participation required. *(Note: EDUC 230 and EDUC 231 do not conflict, so students can take both, if needed.)*

SOCIAL FOUNDATIONS OF EDUCATION

Summer Session I: *May 16-June 24*

EDUC 231 01 3 cr hrs CRN: 30153 \$2,442 + \$72 student fee
MWR 9:00-11:05 a.m. MH 340 *Benzaquin*

An introductory course discussing the function of education in society, and, in particular, the organization of the American school system, the influences affecting our schools, and present practice and trends. School observation and participation are required. *(Note: EDUC 230 and EDUC 231 do not conflict, so students can take both, if needed.)*

HUMAN DEVELOPMENT: EXCEPTIONALITY

On-line Hybrid Course: *May 16-June 10*

SPED 456 DL 3 cr hrs CRN: 30294 \$2,442 + \$72 student fee

Required on-campus class meetings: MWR 12:00-3:10 p.m.

Herrick Library 1st floor computer lab *Burdick*

This course covers the range of physical, cognitive, communication, and social/emotional exceptionalities in human development from childhood to early adulthood. One focus is on the commonalities, not just the differences, between children and youth with disabilities and their nondisabled peers. A second focus is on understanding the different contexts of disability.

■ EDUCATION

GRADUATE LEVEL

LITERACY SEMINAR AND FIELD EXPERIENCE

On-line Hybrid Course: *May 16-June 24*

EDUC 507 DL 6 cr hrs CRN: 30155 \$4,380 + \$72 student fee

Required on-campus class meetings: May 23, June 3 and June 17, 1-3 p.m., plus individual placement meetings

Herrick Library 1st floor computer lab *Monroe-Baillargeon*

Emphasis is placed on the selection of literacy materials, grouping practices and literacy strategies for small and large groups in a public school setting. This experience coordinates the literacy curriculum with various school personnel and stresses the development of parental programs at the early childhood and childhood levels.

MASTER'S RESEARCH

On-line Hybrid Course: *May 16-August 5*

EDUC 695 DL 3 cr hrs CRN: 30156 \$2,190 + \$72 student fee

Required on-campus classes: May 16 & 20, June 3 & 17, July 29 9:00 a.m.-12:30 p.m. Herrick Library 1st floor computer lab

Burdick

Designed to be a culminating project for those who have completed the majority of coursework in the program. May be designed with special research or practical orientation.

TOPICS: MULTIMODAL LITERACIES

On-line Hybrid Course: *June 27-August 5*

SPED 500 DL 3 cr hrs CRN: 30295 \$2,190 + \$72 student fee

Required on-campus classes June 28, June 30, July 6 - 9:00 a.m.-1:00 p.m. and July 29 - 1:30-4:30 p.m. HML *Burdick*

This course will explore current trends in critical literacy teaching, learning and research. In particular, we will examine expanded definitions of multi-modal texts and investigate how to apply these "new literacies" across the content areas and in inclusive classrooms. Central to this course are notions of the assessment and support of multiple modes of communication employed by diverse learners.

TOPICS: TEACHING STUDENTS WITH SPECIAL NEEDS IN INCLUSIVE CLASSROOMS

On-line Hybrid Course: *June 27-August 5*

SPED 556 DL 3 cr hrs CRN: 30296 \$2,190 + \$72 student fee

Required on-campus class meetings: July 7, 14 and 21

9:00 a.m. - 2:00 p.m. MH 340 *Monroe-Baillargeon*

This course provides both theoretical background and strategies of teaching which fosters inclusive learning communities in K-12 classrooms. Techniques for developing curriculum content and teaching strategies which meet the educational needs of all learners will be reviewed. This course focuses on the application of curriculum and teaching techniques of students with disabilities in school environments.

■ ELECTRICAL ENGINEERING

SOFTWARE ENGINEERING

Summer Session I: May 16-June 24

ELEC 303 01 4 cr hrs CRN: 30273 \$3,256 + \$72 student fee

ELEC 303L CRN: 30274

HTBA ENGLAB 106 *Leigh*

Software engineering concepts and techniques, structured design and modular construction, fundamentals of programming style; high level language programming, error detection and error location techniques. Prerequisite: ENGR 103.

■ ENGINEERING

INTRODUCTION TO ENGINEERING

Summer Session I: May 16-June 24

ENGR 101 01 2 cr CRN: 30275 \$1,628 + \$72 student fee

MW 10:00 a.m.-12:05 p.m. ENGLAB 106 *Leigh*

Answers questions about engineering covering such areas as branches of engineering, engineering report writing, professional liability, ethics and responsibility, the library, problem solving techniques. The concepts of teamwork and the engineering design process are presented through a required design project.

COMPUTER AIDED DESIGN

Summer Session I: May 16-June 24

ENGR 102 01 2 cr CRN: 30276 \$1,628 + \$72 student fee

MW 1:00-3:05 p.m. ENGLAB 106 *Leigh*

Computer aided design (CAD) is introduced, using the professional software. Students develop the ability to draw and design in two dimensions, to visualize these drawings in three dimensions, and to communicate with others using drawings.

COMPUTER AIDED ENGINEERING

Summer Session II: June 27-August 5

ENGR 104 01 2 cr CRN: 30164 \$1,628 + \$72 student fee

MW 1:00-3:05 p.m. ENGLAB 106 *Leigh*

An introduction to engineering computations using the Matlab software package. Interactive numeric computations, data analysis, graphing are presented with engineering applications. Matrix, vector, and scalar computations are covered. Elementary math functions, trigonometric & hyperbolic functions, and complex numbers are used. Techniques for solution of linear systems of equations, interpolation and curve fitting, roots of polynomials, numerical integration & differentiation are presented.

■ HISTORY

MODERN WESTERN HISTORY

Short-term Course: May 16-27

HIST 111 01 4 cr hrs CRN: 30278 \$3,256 + \$72 student fee

M-F 9 a.m.-12 p.m. and 1-3 p.m. KH 104 *Kruckeberg*

A survey of developments in Europe and the Western Hemisphere since the 1500s, with emphasis on the impact of ideas and ideologies (including Fascism, Nazism, and Communism), social and economic change (including industrialism), revolutions and world wars, and imperialism.

AMERICAN HISTORY II

Short-term Course: May 16-June 3

HIST 212 01 4 cr hrs CRN: 30279 \$3,256 + \$72 student fee

M-F 8:20 a.m.-12:00 p.m. KH 103 *Eaklor*

American life from the Civil War to the present with particular

attention to the transformation from a rural to an urban society, movements for social reform, and the further extension of civil and political rights. Can be taken as a continuation of HIST 211 or may be taken independently.

■ MANAGEMENT, MARKETING, MBA

■ MATHEMATICS

ADVANCED ENGINEERING MATHEMATICS

Summer Session II: June 27-August 5

MATH 401 01 4 cr hrs CRN: 30280 \$3,256 + \$72 student fee

M-F 10-11:50 a.m. MH 229 Marin

Fundamental concepts of applied analysis including Fourier series and integrals, Laplace transforms, partial differential equations and boundary value problems and special functions. Prerequisite: MATH 271.

■ MECHANICAL ENGINEERING

STATICS

Summer Session I: May 16-June 24

MECH 211 01 3 cr hrs CRN: 30282 \$2,442 + \$72 student fee

HTBA TBA Rosiczkowski

Two and three-dimensional force systems, the concept of equilibrium, analysis of trusses and frames, centroids, bending moment and shear diagrams, friction. Prerequisites: PHYS 125, MATH 152.

DYNAMICS

Summer Session I: May 16-June 24

MECH 212 01 3 cr hrs CRN: 30284 \$2,442 + \$72 student fee

HTBA TBA Rosiczkowski

Rectilinear and curvilinear motion, translation and rotation, momentum and impulse principles, and work-energy relationships. Prerequisites: PHYS 125, MATH 253.

THERMODYNAMICS I

Summer Session I: May 16-June 24

MECH 320 01 3 cr hrs CRN: 30285 \$2,442 + \$72 student fee

HTBA TBA Rosiczkowski

Thermodynamic properties of gases, vapors and liquids. Laws of thermodynamics, energy and availability analysis. Prerequisites: MATH 253, PHYS 125.

THERMODYNAMICS II

Summer Session I: May 16-June 24

MECH 321 01 3 cr hrs CRN: 30286 \$2,442 + \$72 student fee

HTBA TBA Rosiczkowski

Applications of thermodynamic principles to the analysis of energy systems including power and refrigeration cycles. Mixtures and solutions, chemical reactions and equilibrium. Prerequisite: MECH 320.

HEAT TRANSFER

Summer Session I: May 16-June 24

MECH 326 01 3 cr hrs CRN: 30287 \$2,442 + \$72 student fee

HTBA TBA Rosiczkowski

Principles of steady-state and transient conduction, radiation and convection. Applications to heat exchangers and environmental problems. Prerequisites: MECH 320, 324.

SENIOR DESIGN PROJECT I

Summer Session I: May 16-June 24

MECH 495 01 3 cr hrs CRN: 30288 \$2,442 + \$72 student fee

HTBA TBA Rosiczkowski

Individual and group comprehensive design projects employing basic and professional approaches to planning, organizing, judgmental and economic factors. Integrative aspects of creative design and analysis, interdisciplinary systems. Emphasis on technical communication skills. Prerequisite: Senior standing and permission of instructor.

■ MUSIC

MUSIC APPRECIATION

Short-term Course: May 16-June 3

MUSC 110 01 4 cr hrs CRN: 30298 \$3,256 + \$72 student fee

MTWRF 9:00 a.m.-12:35 p.m. MPAC 210 Lantz

“Bach, Beethoven and the Beatles: a brief survey of Western Music”- study the lives and music of some of the world’s most creative and brilliant minds. This course will introduce students to a wide variety of music, focusing mainly on Western European classical music, and touching upon music in film, and late 20th C. We will examine the historical and social background of classical music and the differences between the styles, with concentration on the art of listening. Listening is the key that unlocks a passion for music and an appreciation for how it enhances our lives.

■ PHYSICAL EDUCATION

Please see DANC 120 - Fundamentals of Dance, page 10.

■ PHYSICS

PHYSICS I

Short-term Course: May 16-June 3

PHYS 125 01 4 cr hrs CRN: 30291 \$3,256 + \$72 student fee

PHYS 125L CRN: 30292 M-F 8:30 a.m.-12 p.m., 1-3 p.m.

SC 228 Moerschbacher

A calculus-based lecture and laboratory course, for science and engineering students, which includes one and two dimensional kinematics and dynamics, the work energy theorem, conservation of energy, the impulse momentum theorem, conservation of momentum, rotational and simple harmonic motion and gravitation. Prerequisite: MATH 151 - Calculus I.

■ RELIGIOUS STUDIES

INTRODUCTION TO WORLD RELIGIONS

Short-term Course: May 16-27

RLGS 105 01 4 cr hrs CRN: 30187 \$3,256 + \$72 student fee

M-F 9-11:40 a.m. & 12:30-3:10 p.m. KH 105 Krause-Loner

An introduction to a limited number of religious traditions, e.g., Shamanism (emphasizing the American Indian), Hinduism, Buddhism, Judaism, Christianity, and Islam. Attention given to the nature of religion and its meaning for individuals and cultures.

■ SOCIOLOGY

INTRODUCTION TO SOCIOLOGY

Summer Session II: July 5-August 4

SOCI 110 01 4 cr hrs CRN: 30293 \$3,256 + \$72 student fee

TWR 5:00-8:20 p.m. Olin 107 Swanson

The foundation course in sociology, studying such concepts as social organization, culture, personality, and social processes such as interaction, socialization, social stratification, race and ethnic relations, and collective behavior.

■ SPANISH

SPANISH I

Short-term Course: May 16-June 3

SPAN 101 01 4 cr hrs CRN: 30189 \$3,256 + \$72 student fee

M-F 9 a.m.-12:30 p.m. PRLMN 217 Kautzman

Introduction to the language and culture of the Spanish-speaking world: speaking, reading, understanding and writing. Practice in language lab. Emphasis on communicative skills. (Assumes no prior knowledge of the language, but this is a very intensive, condensed format which is challenging for true beginners.)

SPANISH II

Short-term Course: June 27-July 15

SPAN 102 01 4 cr hrs CRN: 30190 \$3,256 + \$72 student fee

M-F 9 a.m.-12:30 p.m. PRLMN 217 Kautzman

Continuation and further development of the skills learned in SPAN 101. Prerequisite: SPAN 101, 41-60% on Spanish language placement exam or permission of instructor.

■ SPECIAL EDUCATION

Please see listed under EDUCATION pages 10-11.

■ THEATER

INTRODUCTION TO THEATER

Short-term Course: May 16-June 3

THEA 110 01 4 cr hrs CRN: 30191 \$3,256 + \$72 student fee

M-F 9:30 a.m.-1:00 p.m. MPAC 211 Prophet

A study of theatre as a creative process and cultural phenomenon, including text and performance analysis, the examination of dramatic literature, and opportunities to experience and explore the work of the actor, the playwright, the director, the designer, and the producer. Scripts and productions which are the sources for discussions and assignments are drawn from a full range of cultures and time periods.

AU SUMMER SCHOOL 2011 • SUMMER SESSION REGISTRATION FORM

IMPORTANT! Currently enrolled AU full-time and part-time students STOP HERE. You must register on-line using BannerWeb (https://banweb.alfred.edu). Contact the Student Service Center if you have questions about web registration: 607-871-2123 or registrar@alfred.edu. If you are a high school student STOP HERE. You need to use the special registration form on page 23. All others should complete and submit this form.

AU ID No. _____ Date _____
 (if one has been assigned)

Name _____ / _____
 last first middle maiden/former

Phone Number: _____ Cell Phone: _____ (to contact in case of class cancellation or change)

Have you ever attended Alfred University? Yes: Graduate Undergraduate
 No

Are you applying for Tuition Remission? Yes - I am an eligible AU employee or dependent
 No

NOTE: If the answer to BOTH of the above questions is "no," you must complete the "New Record Only" section, below.

Do you receive employer reimbursement? Yes No If Yes, Employer: _____

Are you now in a degree program at AU? Yes: AU College/School _____ Major/Program _____
 No - I am not a degree-seeking student at Alfred University

Do you have a bachelor's degree? Yes, from: College/University _____ Mo/Yr _____
 No

Course and Section Information				Course Title	Credit Hours	Instructor
CRN	Subject	Course No.	Section No.			

 Advisor's Signature (Required for ALL undergraduates in programs leading to an AU degree.) Signature of Student

Social Security No. _____ Date of Birth: _____ Gender: () Male () Female
 MM/DD/YYYY

Predominant Racial/Ethnic Identification (Optional): American Indian/Alaskan Native Asian/Pacific Islander
 Black/Non-Hispanic Hispanic White/Non-Hispanic Multi-Ethnic Background Other

Citizenship: U.S. Citizen Permanent Resident of the U.S. Non-Resident Alien

If you are not a U.S. Citizen, please check the appropriate box below:

Permanent Resident "A" number: _____

IMPORTANT! International students, please see page 5 for additional requirements for admission!

Refugee "A" number: _____

International Type of visa: _____ Country _____ What school issued your I-20/DS-2019? _____

Other: _____

Permanent Address and Telephone:

 No. and Street City State Zip Area Code/Phone

Emergency Contact: _____
 Name Relationship Area Code/Phone

Mail, fax, or bring this completed registration form to: Student Service Center, Saxon Drive, Alfred, NY 14802. Telephone: (607) 871-2123 Fax: (607) 871-2347. Students must also submit a completed health form to Crandall Health Center, if they haven't already done so. Please see pp. 19-21.

Revised 1/2010

CODE OF CONDUCT
FOR
ALFRED UNIVERSITY SUMMER HOUSING

The following are the rules and regulations for the Summer Housing Program at Alfred University. Everyone residing in University housing is expected to abide by the following guidelines. Violations will be dealt with by formal judicial action, with the possibility of being removed from Housing and/ or the program.

1. Quiet hours are in effect every night from 11 PM until 8 AM. This means noise should be kept to a minimum.
2. Residents are responsible for the furniture in their assigned location. Furniture must remain in its assigned location. Residents will be held accountable for missing or damaged furniture and assessed by the residence hall staff, and will be billed for the replacement or repair costs.
3. Residents are expected to return their room to the original condition upon checkout from University housing. There will be an hourly labor charge (\$20) billed to the residents for housekeeping necessary to return to that condition.
4. Consumption or possession of alcohol is not allowed in University housing by persons under the legal age of 21. Any violations of State or Federal laws will also be subject to judicial action.
5. Use, possession, or sale of any illegal substance is prohibited.
6. All University housing facilities are **non-smoking**. You **MUST** be 25' from any University building to smoke.
7. **Under no conditions are pets allowed in any University building. This INCLUDES University HOUSING.**
8. The rental charge includes the use of heat, lights, water, cable, laundry and necessary furniture.
9. It is understood and agreed that Alfred University will bill the occupants of a room for all breakage, damages (excepting ordinary wear and tear) and loss of assigned University property. Furthermore, it is understood that said room must be kept in reasonable condition throughout the time period you are here and returned to its original physical condition at the end of each term. The University reserves the right to conduct periodic health and safety inspections of student rooms to ensure cleanliness standards are met.
10. The University reserves the right to assess residents in the event of general damage to or theft from the residence facilities.
11. The University reserves the right for University employees to enter any residence, after reasonable attempt to notify the occupant, for the inspection of the University's physical facilities and furnishings for the purpose of repair and maintenance. It further reserves the right of room entry for other administrative personnel in emergency situations and after reasonable attempt to notify the student, to fulfill supervisory responsibilities.
12. The Office of Residence Life makes all room assignments. There is no live-in University staff supervision. The University reserves the right to change room assignments during the period of your stay should there be deemed necessity.
13. The University is not responsible for students' personal property.
14. Assignments to all housing facilities are made without reference to race, religion, or national origin.

Anyone who is found to be in violation of the above stated rules and regulations will be subject to eviction of Housing through the Office of Residence Life.

REQUIRED: Please **sign and date below** to indicate that you have read the Code of Conduct above, understand its terms and conditions, and agree to abide by it.

HEALTH FORMS CHECK LIST

- Read through entire Immunization Form.
- Placed **Banner Student ID** number on Immunization form.
- MENINGITIS RESPONSE** (Section A or B) completed.
Student signature required for Part A or Part B (parent, if under 18).
- IMMUNIZATION FORM (completed)** with health care provider signature. This may be signed by any person authorized by law to administer an immunization.

All STUDENTS must comply with Immunization requirements set forth by New York State law. Failure to do so may result in the inability to register for classes or create additional costs to you as a student.

*If you plan to submit proof of immunity by using measles, mumps or rubella titers rather than using vaccination records, you **MUST** submit actual laboratory results including reference range and the results **MUST** verify immunity.*

- COMPLETED FORMS** returned on: _____
Date

**PLEASE DO NOT RETURN THIS CHECKLIST TO AU HEALTH SERVICES
KEEP FOR YOUR REFERENCE.**

NOTE: To assure your form is received by the Health Services, please mail it directly to:

For information on meningococcal vaccines, see next page, or visit:
www.cdc.gov/vaccines/pubs/vis/downloads/vis-mening.pdf

MENINGOCOCCAL VACCINES

1. What is meningococcal disease? Meningococcal disease is a serious bacterial illness. It is a leading cause of bacterial meningitis in children 2-18 years old in the U.S. Meningitis is an infection of the fluid surrounding the brain and spinal cord. It also causes blood infections. About 1,000-2,600 people get meningococcal disease each year in the U.S. Even when treated with antibiotics, 10-15% of these people die. Of those who survive, another 11-19% lose arms or legs, become deaf, have problems with their nervous systems, become mentally retarded, or suffer seizures or strokes. Anyone can get meningococcal disease, but it is most common in infants less than 1 year of age and people with certain medical conditions, such as lack of a spleen. College freshmen who live in dormitories, and teenagers 15-19 have an increased risk of getting meningococcal disease. Meningococcal infections can be treated with drugs such as penicillin. Still, about 1 out of every 10 people who get the disease dies from it, and many others are affected for life. This is why preventing it through use of meningococcal vaccine is important for people at highest risk.

2. Meningococcal Vaccine There are two kinds of meningococcal vaccine in the U.S.:

- **Meningococcal conjugate vaccine (MCV4)** was licensed in 2005, and is the preferred vaccine for people 2 through 55 years old.
- **Meningococcal polysaccharide vaccine (MPSV4)** has been available since the 1970s. It may be used if MCV4 is not available, and is the only meningococcal vaccine licensed for people older than 55.

Both vaccines can prevent 4 types of meningococcal disease, including 2 of the 3 types most common in the United States and a type that causes epidemics in Africa. Meningococcal vaccines cannot prevent all types of the disease. But they do protect many people who might become sick if they didn't get the vaccine. Both vaccines work well, and protect about 90% of people who get them. MCV4 is expected to give better longer-lasting protection. MCV4 should also be better at preventing the disease from spreading from person to person.

3. Who should get meningococcal vaccine and when? A dose of MCV4 is recommended for children and adolescents 11 through 18 years of age. This dose is normally given during the routine preadolescent immunization visit (at 11-12 years). But those who did not get the vaccine during this visit should get it at the earliest opportunity. Meningococcal vaccine is also recommended for other people at increased risk for meningococcal disease:

- College freshmen living in dormitories.
- Microbiologists who are routinely exposed to meningococcal bacteria.
- U.S. military recruits.
- Anyone traveling to, or living in, a part of the world where meningococcal disease is common, such as parts of Africa.
- Anyone who has a damaged spleen, or whose spleen has been removed.
- Anyone who has terminal complement component deficiency
- People who might have been exposed to meningitis during an outbreak. MCV4 is preferred vaccine for people ages 2-55 in these risk groups. MPSV4 can be used if MCV4 isn't available & for adults over 55.

How Many Doses? People 2 years of age & older should get 1 dose. Sometimes a 2nd dose is recommended for those at high risk. Ask your provider. MPSV4 may be recommended for children 3 mo. to 2 yrs under special circumstances. These should get 2 doses, 3 months apart.

4. Some people should not get meningococcal vaccine or should wait

- Anyone whose had a severe (life-threatening) allergic reaction to a previous dose of either meningococcal vaccine should not get another dose.
- Anyone who has a severe (life threatening) allergy to any vaccine component should not get the vaccine. Tell provider if you have allergies.
- Anyone who is moderately or severely ill at the time the shot is scheduled should probably wait until they recover. Ask your provider. People with a mild illness can usually get the vaccine.
- Anyone who has ever had Guillain-Barré Syndrome should talk with their provider before getting MCV4.
- Meningococcal vaccines may be given to pregnant women. However, MCV4 is a new vaccine and has not been studied in pregnant women as much as MPSV4 has. It should be used only if clearly needed.
- Meningococcal vaccines may be given at the same time as other vaccines.

5. What are the risks from meningococcal vaccines? A vaccine, like any medicine, could possibly cause serious problems, such as severe allergic reactions. The risk of meningococcal vaccine causing serious harm, or death, is extremely small.

Mild problems - As many as half the people who get meningococcal vaccines have mild side effects, such as redness or pain where the shot was given. If these problems occur, they usually last for 1 or 2 days. They are more common after MCV4 than after MPSV4. A small percentage of people who receive the vaccine develop a fever.

Severe problems - Serious allergic reactions, within a few minutes to a few hours of the shot, are very rare. A serious nervous system disorder called Guillain-Barré Syndrome (or GBS) has been reported among some people who received MCV4. This happens so rarely that it is currently not possible to tell if the vaccine might be a factor. Even if it is, the risk is very small.

6. What if there is a moderate or severe reaction?

What should I look for? Any unusual condition, such as a high fever, weakness, or behavior changes. Signs of a serious allergic reaction can include difficulty breathing, hoarseness or wheezing, hives, paleness, weakness, a fast heart beat or dizziness.

What should I do? Call a doctor, or get the person to a doctor right away.

- Tell your doctor what happened, the date and time it happened, and when the vaccination was given.
- Ask your doctor, nurse, or health department to report the reaction by filing a Vaccine Adverse Event Reporting System (VAERS) form. Or file this report through the VAERS web site at www.vaers.hhs.gov, or by calling 1-800-822-7967. VAERS does not provide medical advice.

7. The National Vaccine Injury Compensation Program

A federal program exists to help pay for the care of anyone who has had a rare serious reaction to a vaccine. For information about the National Vaccine Injury Compensation Program, call 1-800-338-2382 or visit their website at www.hrsa.gov/vaccinecompensation.

8. How can I learn more?

- Ask your doctor or nurse. They can give you the vaccine package insert or suggest other sources of information.
- Call your local or state health department.
- Contact the Centers for Disease Control and Prevention (CDC): Call 1-800-232-4636 (1-800-CDC-INFO)
 - Visit CDC's National Immunization Program website at www.cdc.gov/vaccines
 - Visit CDC's meningococcal disease website at www.cdc.gov/ncidod/dbmd/diseaseinfo/meningococcal_g.htm
 - Visit CDC's Travelers' Health website at wwwn.cdc.gov/travel
