Request for Laboratory Services

Please complete legibly

Students with orders for lab work from a provider outside AUHS may have lab work obtained at AUHS and sent to St. James Mercy Hospital Laboratory. This service is available by appointment, Monday through Thursday before 2pm each day and is subject to the approval of AUHS staff. This form must be completed and submitted to AUHS. **Results will be reported directly to the ordering health care provider by St. James Mercy Laboratory.** Therefore, it is very important that the lab has a provider phone number for prompt communication of results, particularly abnormal values and "panic" values. For questions about results, please contact:

St. James Mercy Hospital
411 Canisteo Street
Hornell, NY 14843

Phone: 607-324-8080

This portion to be completed by ordering provider:
