STUDENT HEALTH FORMS CHECK LIST

☐ Read page titled, “IMPORTANT INFORMATION”

☐ Placed Banner Student ID number and your name on each page.

☐ Completed HEALTH HISTORY FORM

☐ IMMUNIZATION FORM (completed) with health care provider signature. This may be signed by any person authorized by law to administer an immunization. We will accept a copy of an immunization record from a physician’s office.

     If you plan to submit proof of immunity by using measles, mumps or rubella titers rather than using vaccination records, you MUST submit actual laboratory results including reference range and the results MUST verify immunity.

     For information on meningococcal vaccines, visit: http://www.cdc.gov/vaccines/pubs/vis/downloads/vis-mening.pdf

☐ INTERNATIONAL STUDENTS must comply with Immunization requirements set forth by New York State law before arrival to Alfred University. Failure to do so may result in the inability to register for classes or create additional costs to you as a student.

☐ TUBERCULOSIS SCREENING form completed and signed by health care provider.

☐ PHYSICAL FORM completed and signed by health care provider.

☐ MENINGITIS RESPONSE form completed and signed by student (parent, if under 18).

☐ HEALTH INSURANCE INFORMATION FORM

     It is the expectation of Alfred University for all students to have their own health insurance. All student athletes, however, are mandated to have health insurance. In order to update our systems as well as to best serve our students, please fill out the following Health Insurance Form.

NOTE: To assure your forms are received by the Health Services Office please mail to this address before July 20, 2016:

Alfred University
Health Services
Attention: Health Forms
1 Saxon Drive
Alfred, NY 14802
IMPORTANT INFORMATION

Dear Student:

Welcome to Alfred University!

Enclosed you will find the required immunization form, health history form, physical examination form, tuberculosis screening form and Meningococcal Meningitis vaccination response form, to be completed by you and/or your health care provider. Please look these forms over carefully before your visit with your health care provider to help assure proper completion of the forms. A checklist is enclosed to help you be sure you have read and completed all pertinent information. If you are under the age of 18, a parent or guardian will need to provide consent for treatment with each visit to health services. Also be aware that treatments provided by health services are confidential for all students aged 18 and over; health services cannot share any information with anyone, including parents, without your informed, written consent.

If you were born after January 01, 1957, NYS Public Health Law #2165 requires that we have written documentation of two measles, one mumps and one rubella (MMR) immunization. The documentation must be legible and written/translated in English. Students who do not comply will not be able to register for classes, and will be withdrawn from college and denied attendance to classes. Please keep a copy of your immunization record for your own future needs. It is recommended that all college students consider receiving the Meningitis vaccine prior to entering school. You must complete the enclosed acknowledgement section on the Health History form even if you decide not to receive the meningitis vaccine.

New York State Department of Health and AU Health Services has very specific requirements as to what constitutes an acceptable record of immunization. If you have any questions or concerns as to whether the immunization record you are submitting will comply, please call AU Health Services at 607-871-2400.

There are options regarding payments for services provided at AU Health Services. Please note that billing for private insurances is the sole responsibility of the student or his/her family. Itemized statements for private insurance billing are available to students upon request.

The AU Health Services Team looks forward to the opportunity to help you with your health and wellness needs during the academic year. Students are encouraged to maintain a relationship with a primary healthcare provider who can provide and coordinate health care year round. To run Health Services more efficiently, we find that working on an appointment basis is beneficial to both students and health services operations. Except in the event of an emergency, please call in advance to schedule an appointment.

In closing, we hope your experience at Alfred University is a fulfilling and healthy one. We welcome any questions you or a parent may have. Feel free to contact us at any time.

Return Completed Form To:
Alfred University
Health Services
Attention: Health Forms
1 Saxon Drive
Alfred, NY 14802
Phone: (607) 871-2400
Fax: (607) 871-2631

All Health Forms must be received before July 20, 2016 and on file before a student can register for classes.
## HEALTH HISTORY FORM

FOR THE STUDENT - You will not be permitted to register until this completed form is received by the Wellness Center. You and/or your parents must complete this form before seeing your healthcare provider, who completes the PHYSICAL FORM.

### MENINGOCOCCAL MENINGITIS VACCINATION RESPONSE FORM

Please read the enclosed information regarding Meningococcal Disease and the availability of a vaccination against this disease. This vaccination can be obtained through special order for administration at Health Services (please call for an appointment). Please note that NYS Public Health Law requires you to complete the following section on meningococcal meningitis vaccine. You must comply with this law before you can register for classes.

**If you have chosen to decline the Meningitis vaccine, please check the box below and sign on the line indicated.**

- [ ] I have read, or have had explained to me, the information regarding meningococcal meningitis disease. I understand the risks of not receiving the vaccine. I have decided that I (my child) will **not** obtain immunization against meningococcal meningitis disease. I understand that although I have declined the vaccine at this time, I have the right to request the vaccine at any time in the future.

(Note: If you received the meningococcal vaccine available before February 2005 called Menomune™, please note this vaccine’s protection lasts for approximately 3-5 years. Revaccination with the new conjugate vaccine called Menactra™ should be considered within 3-5 years after receiving Menomune™.)

**Student Signature (Parent, if under 18)** ____________________________ **Date:** ____________________________

If you have received the Meningitis vaccine, this MUST be recorded by your health care provider on the immunization form.

### CHECK THE FOLLOWING BOXES ONLY IF THEY PERTAIN TO YOU AS A STUDENT…

- [ ] AU Health Services is able to provide continuation of some **allergy injection programs** provided the student is on maintenance doses, only. If you wish to continue an allergy regimen at AU Health Services, please check this box. We will send you additional information regarding our policy and procedure. Provisions must be made with us BEFORE receiving allergy shots at AU Health Services. **Students/parents should contact AU Health Services at least two months prior to the beginning of the semester.**

**Student Signature:** ____________________________ **Date:** ____________________________

- [ ] By marking this box, I authorize AU Health Services staff to provide to the Alfred University Counseling Services, information about me for the purpose of evaluating needs and providing services. I understand that I may be contacted by the Counseling and Wellness Center to further assist me or provide services to me which may be needed for my care. This authorization may include disclosure of information related to alcohol and drug abuse or mental health treatment. I understand this authorization is voluntary and I may revoke this authorization at any time in writing except to the extent that action has already taken place. This authorization does not authorize Alfred University Health Services to discuss my health information or medical care with anyone other than the Alfred University Counseling Services.

College Entry 2016-2017
IMMUNIZATION FORM: MUST BE RECEIVED BEFORE July 20, 2016

Name: ___________________________ Date of Birth: ____________

Student’s Cell # or phone # where student can be reached: __________________________________________

Student’s email address: ____________________________________________________

Students born on or after January 1, 1957 must comply with New York State Public Health Law 2165 requiring immunization dates for measles, mumps, and rubella. All dates should include month, day and year. Forms must be complete, and be typed or printed in the English language.

Measles (Rubella): Two live doses of measles are required. First dose must be given after the first birthday and the second dose must be given after fifteen months of age and at least thirty (30) days after the first dose.

MMR: (Combined measles, mumps, rubella) #1 (M / D / Y) #2 (M / D / Y)

Or Date of first live dose of measles given: (M / D / Y)

Date of second live dose of measles given: (M / D / Y)

Or Positive measles titer (Copy of result with laboratory reference range must be attached)

Mumps: (One mumps dose is required and must be given after the first birthday) Date of live mumps vaccination given: (M / D / Y)

Or Positive mumps titer (Copy of result with laboratory reference range must be attached)

Rubella (German Measles): (One dose is required & must be given after the 1st birthday) Date of live rubella vaccination given: (M / D / Y)

Or Positive rubella titer (Copy of result with laboratory reference range must be attached)

Hepatitis B: (Recommended, not required) #1 Date (M / D / Y) #2 Date (M / D / Y) #3 Date (M / D / Y)

Hepatitis A: (Recommended, not required) #1 Date (M / D / Y) #2 Date (M / D / Y)

Varicella: #1 Date (M / D / Y) #2 Date (M / D / Y)

Or Date of Disease: (M / D / Y)

(Removed without other evidence of immunity)

Meningitis Vaccination: (Recommended not required) Date: (M / D / Y)

Check One: Menactra™ Menomune™ Menveo™

IMPORTANT: Students who have chosen NOT to receive the Meningitis vaccination MUST complete the statement on the Health History Form indicating the vaccine has been declined.

Tdap: (Within last 10 years) (M / D / Y) or Td (M / D / Y)

HPV Vaccine: (M / D / Y) (M / D / Y) (M / D / Y)

Polio: (Date series was completed) (M / D / Y)

Is there loss or seriously impaired function of any organ? [ ] Yes  [ ] No  If Yes, Please Explain: ____________________

Are there any restrictions of physical activity indicated by your exam? [ ] Yes  [ ] No  If Yes, Please Explain: ____________________

Is the student now under treatment for any medical or emotional problem? [ ] Yes  [ ] No  If Yes, Please Explain: ____________________

I have examined the above named student and it is my professional opinion that the student is physically and psychologically able, except as noted above, to undertake college studies.

Examining Healthcare Provider Signature: ____________________  Print Name: ____________________

Address/City/State/Zip: ____________________  Phone: ____________________  Fax: ____________________
MANDATORY TUBERCULOSIS SCREENING FORM

Name: ________________________________ Date of Screening ____________________

1. Has the student ever had a positive PPD test? □ YES □ NO
   If NO, proceed to question 2.
   If YES, do not repeat PPD test. Proceed to questions 4-6 and supply information.

2. Does the student have signs or symptoms of active TB disease such as night sweats, weight loss, persistent cough or bloody sputum? □ YES □ NO
   If NO, proceed to question 3.
   If YES, proceed with additional evaluation to rule out active TB disease including tuberculin skin testing, chest x-ray and sputum evaluation as indicated, questions 3-6.

3. Is the student a member of a high-risk group** or is the student entering the health professions? (See below)
   □ YES □ NO

   **Categories of high-risk students include those students who have arrived within the past five years from countries where TB is endemic. It is easier to identify countries of low rather than high TB prevalence. Therefore, students should undergo TB screening if they have arrived from another country with the EXCEPTION of Canada, Jamaica, Saint Kitts and Nevis, Saint Lucia, USA, Virgin Islands (USA), Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, Malta, Monaco, Netherlands, Norway, San Marino, Sweden, Switzerland, United Kingdom, American Samoa, Australia or New Zealand. Other categories of high-risk students include those with HIV infection, who inject drugs, who have resided in, volunteered in or worked in high-risk congregate settings such as prisons, nursing homes, hospitals, residential facilities for patients with AIDS, or homeless shelters; those who have had contact with a known case of TB; and those who have clinical conditions such as diabetes, chronic renal failure, leukemias or lymphomas, low body weight, gastrectomy and jejunoileal by-pass, chronic malabsorption syndromes, prolonged corticosteroid therapy (e.g. prednisone ≥15 mg/d for ≥1 month) or other immunosuppressive disorders.

   If NO, STOP! No further evaluation or skin test is needed at this time. Healthcare Provider, please sign below.

   If YES, place tuberculin skin test. (Mantoux only: Inject 0.1ml of purified protein derivative [PPD] tuberculin containing 5 tuberculin units [TU] intradermal into the volar [inner] surface of the forearm.) A history of BCG vaccination should not preclude testing of a member of a high-risk group.

4. Tuberculin Skin Test:
   Date given: _____/_____/_____  Date read: _____/_____/_____
   Record actual mm of induration, transverse diameter; if no induration, write “0”
   Result: _____ mm Interpretation: □ Positive □ Negative (based on mm of induration as well as risk factors)

5. Chest X-ray (required if tuberculin skin test is positive): Date of chest x-ray _____/_____/_____
   Result: □ Normal □ Abnormal

6. History of any previous treatment: (Please list medications used and dates of treatment duration)

   Healthcare Provider Signature: ____________________________________________________
